

Terms of Service

Last updated: 16 July 2026

These Terms of Service ("Terms") govern your use of Gnome Slayer ("the Game"), a video game developed and distributed by Nikita Games ("we", "us", "the developer"). By downloading, installing, or playing the Game, you agree to these Terms. If you do not agree, do not install or play the Game.

1. The Game

Gnome Slayer is a free cooperative and player-versus-player 3D action game for Windows and Linux, distributed through itch.io. The Game is provided free of charge for personal entertainment.

2. License to Use

We grant you a personal, non-exclusive, non-transferable, revocable license to install and play the Game for your own personal, non-commercial entertainment. You may not:

- sell, rent, sublicense, or redistribute the Game as your own product;
- present the Game or its code as created by you;
- reverse-engineer, decompile, or modify the Game except to the extent expressly permitted by applicable law.

This license does not transfer any ownership of the Game to you.

3. Third-Party Content

The Game uses third-party assets under their own licenses. The 3D models are CC0 (public domain) works by Kay Lousberg (KayKit). The Game is built with the Godot Engine, licensed under the MIT License. These components remain subject to their respective licenses.

4. Multiplayer and User Conduct

Multiplayer sessions are peer-to-peer: players connect directly to one another (via a host's open port, LAN, or a VPN). When using voice chat, text chat, or otherwise interacting with other players, you agree not to:

- harass, threaten, defame, or abuse other players;
- transmit unlawful, hateful, or infringing content;
- cheat, exploit bugs, or deliberately disrupt other players' sessions.

Because sessions run directly between players and we operate no game servers, we cannot monitor, moderate, or control interactions between players. You interact with other players at your own risk.

5. Discord Integration

The Game offers optional Discord Rich Presence, which displays your game status in the Discord application on your computer. The Game is not affiliated with, endorsed by, or sponsored by Discord Inc. Your use of Discord is governed by Discord's own Terms of Service and Privacy Policy.

6. Disclaimer of Warranty

The Game is provided "AS IS" and "AS AVAILABLE", without warranties of any kind, whether express or implied, including but not limited to warranties of merchantability, fitness for a particular purpose, and non-infringement. We do not warrant that the Game will be uninterrupted, error-free, or secure.

7. Limitation of Liability

To the maximum extent permitted by applicable law, the developer shall not be liable for any indirect, incidental, special, consequential, or punitive damages, or any loss of data, arising out of or relating to your use of, or inability to use, the Game.

8. Changes to These Terms

We may update these Terms from time to time. The current version is always the one published at this address, with the "Last updated" date above. Your continued use of the Game after changes take effect constitutes acceptance of the revised Terms.

9. Governing Law

These Terms are governed by the laws of Ukraine, without regard to its conflict-of-law rules, except where mandatory consumer-protection laws of your country of residence apply.

10. Contact

For any questions about these Terms, contact us at developer@svitix.com.
